

Call for Participation

3rd VISion Understanding and Machine intelligence summer school

Porto, Portugal

2-9 July, 2015

<http://www.fe.up.pt/visum/>

We invite everyone with interests in computer vision to attend the 3rd **VISion Understanding and Machine intelligence summer school**, at ATMOSFERA M in Porto, Portugal. At visum you can find an expert multicultural environment, aiming to foster junior researchers' awareness on computer vision topics, as well as to enhance all attendees' knowledge regarding the state of the art, provided by leading international experts on the field. Being an area of great potential in industrial applications with a strong increase in the number of researchers in these last years, **visum** summer school will be an incredible opportunity.

Important Dates

Application Deadline	March 1, 2015
Decision	March 8, 2015
Early Registration	April 10, 2015
Late Registration	May 8, 2015
Summer School	July 2-9, 2015

Visum will comprise three main tracks

1. Fundamental subjects
2. Examples of computer vision applications
3. Industrial session

Each one with extensive practical "hands-on" sessions

Topics

Randomised Decision Forests and Tree-structured Algorithms in Computer Vision	Tae-Kyun Kim	Imperial College London	UK
Local Features Extraction and Description	Jiri Matas	Czech Technical University	CZ
